

ADAC RAVENOL 24h Nürburgring from 14 to 17 May 2026:

Ticket with exclusive extras:

24h Newcomer Package now available

- Limited-edition 24h Newcomer Package offers four days' admission with extras
- Exclusively reserved grandstand area T10a/T10b with its own video screen
- Optionally available: parking or camping in the Müllenbachschleife area

Anyone experiencing the ADAC RAVENOL 24h Nürburgring as a visitor for the first time will not only be treated to plenty of top-class racing. The festival atmosphere in the huge event area also comes with plenty of crowds – including high visitor numbers at many hotspots around the track. To make getting started easy and comfortable, the organisers are now putting together an attractive new package: the 24h Newcomer Package is aimed primarily at international guests visiting the Ring for the first time. You receive a clear, easy-to-plan combination of an event ticket (4 days) and exclusive additional services that are well worth the money: the basic price for the ticket is €86 – parking or a camping pitch can be booked as an optional extra. Information and direct links to tickets are available at <https://tickets.nuerburgring.de/events/adac-ravenol-24h-nurburgring-2026-newcomer-do-so-7bthyh>.

The basic offer of the 24h Newcomer Package is valid from Wednesday to Sunday and includes all the benefits of the standard event ticket. These include access to the open grandstands along the Grand Prix circuit, to the spectator areas on the Nordschleife, and entry to the paddock. All fan highlights such as the Pit Walk, Track Walk and the Drift Show are, of course, included.

The €12 surcharge on the event ticket guarantees buyers a comfortable racing experience. This is because an exclusive additional benefit is access to grandstands T10a and T10b in the Michael Schumacher S section, which is reserved exclusively for ticket holders of this package. This does not include a reserved seat. Free seating remains available within the area. In addition, a dedicated video screen will be set up for this grandstand area so that ticket holders can keep an eye on the racing action at all times – even when the action is taking place on another section of the track.

Optional extras: Parking and camping near the exclusive grandstand

As further exclusive services, only purchasers of the 24h Newcomer Package can book a parking space or camping facilities in the Müllenbach area. In the designated area C6, you can choose between a five-day parking permit (€50 per vehicle) or a camping permit (€100 per person, including vehicle and caravan or motorhome). Both services are valid from Wednesday to Sunday – i.e. for the days with particularly high visitor numbers. Camping is a flat-rate package for the 24h and is also valid from Wednesday to Sunday. For those using the camping offer, the standard facilities of the temporary campsites around the Nürburgring are available: temporary sanitary facilities (toilets/showers) are provided, but electricity connections are not available. The offer is strictly limited and will be sold while stocks last. Advance sales are now open. Further information at www.24h-rennen.de.
